

TRANSPORTATION

Joseph Brown, Analyst

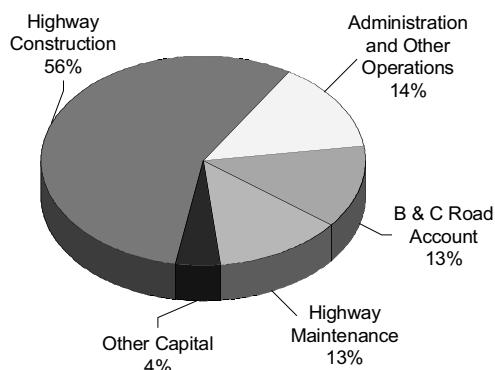

AGENCY BUDGET OVERVIEW

TRANSPORTATION

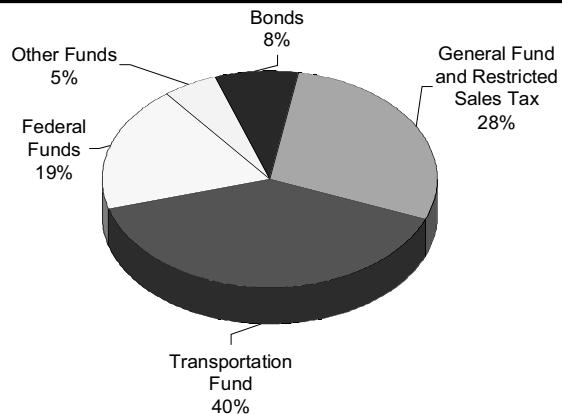

Mission: Build and maintain the state's transportation system, plan and implement new highway projects, improve pavement conditions on existing roads, and assure highway safety through appropriate design and maintenance

Where Will My Taxes and Fees Go for Transportation? (Total FY 2007 Funding is \$936,591,200*)

**Includes funding for capital projects*

Financing of Transportation (Based on FY 2007 Recommendations)

Does not include transfers or beginning balances

MAJOR ACCOMPLISHMENTS AND GOALS

Take care of the current road system

- Maintains, repairs, and operates the state highway system consisting of over 6,000 miles of highways; this is 14 percent of Utah's total highway road system of 40,707 miles
- Manages the state highway system that serves over 70 percent of all vehicle miles traveled in Utah
- Preserves the highway system by applying treatments, and other technologies to the pavement, extending its lifetime
- Preserves bridges through routine inspections, sealing treatments and deck pavement projects
- Maintains highways by plowing snow, maintaining drainage, improving roadway markings, pothole patching, and guardrail repair

Improve the highway system

- Maximizes traffic efficiency through intelligent transportation systems that includes the Traffic Operations Center, cameras along the roadways, congestion detectors in the highways, weather sensors, and ramp meters at freeway interchanges
- Provides traveler information through the 511 system, a free travel information phone number that offers statewide updates on traffic, winter road conditions, and public transit
- Operates incident management teams that patrol Utah's roadways offering help to motorists in distress and aiding the highway patrol by managing traffic when accidents occur
- Removes snow and deploys over 130 snowplows along the Wasatch Front during a major snowstorm, using anti-icing methods to prevent black ice and snow-packed conditions

Increase highway safety

- Focuses on improving roadway safety through public awareness campaigns, improved design, high-visibility signs, rumble strips, new paint striping technologies, intersection improvements, and maintenance safety activities

Expand highway capacity:

- Build high occupancy vehicle (HOV) lanes on Interstate 15 in Utah County
- Build Legacy Parkway project to handle traffic between Davis and Salt Lake counties

RECOMMENDATIONS: GOVERNOR'S GOALS AND INITIATIVES

(See itemized table for full list of recommendations)

Maintain roadway conditions at quality levels

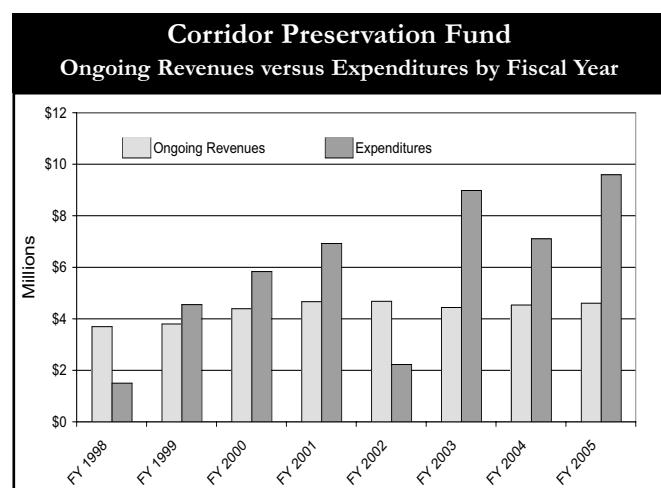

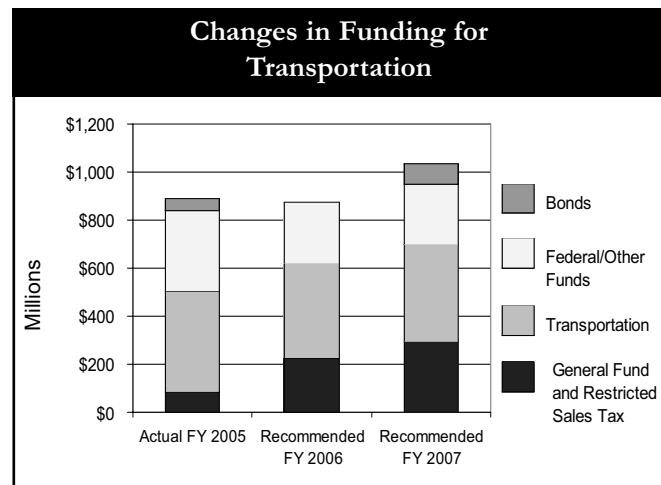

- Increase maintenance funding to offset rising fuel costs with a \$600,000 Transportation Fund supplemental and a \$1,200,000 ongoing Transportation Fund appropriation
- Provide maintenance with \$1,650,000 in ongoing Transportation Fund to perform routine maintenance activities and snow removal on 342.9 additional lane miles that will be added to the state system during FY 2006
- Start the first phase of a new maintenance management system that will increase the efficiency of maintaining the state highway system using \$1,000,000 of one-time Transportation Fund
- Enhance maintenance capacity by demolishing an outdated maintenance shed in Clearfield, Utah and replacing it with a newer more adequate shed using \$1,200,000 of one-time Transportation Fund

Preserve highway corridors before development occurs

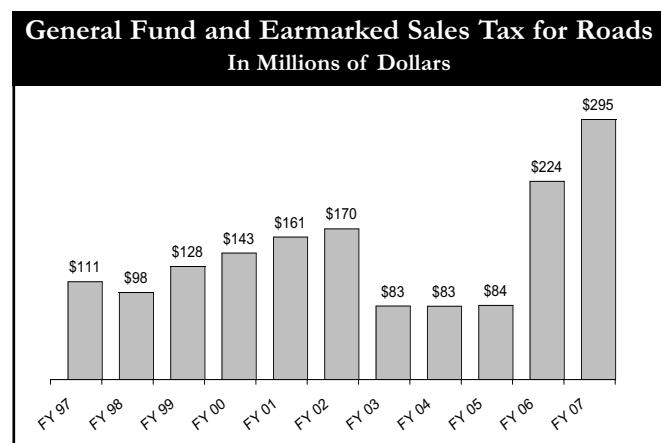

- Increase funding in the Corridor Preservation Fund with a \$20,000,000 General Fund supplemental; this funding will enhance the department's ability to preserve corridors before homes and businesses are built, potentially saving the state hundreds of millions of dollars

Address capacity and safety conditions

- Reduce traffic congestion and improve safety by using \$40,000,000 ongoing General Fund and \$80,000,000 one-time General Fund to construct a number of congestion relief and safety projects throughout the state
- Bond for \$83,000,000 to continue building Centennial Highway projects, including Legacy Parkway

Demand continues to increase while revenue growth remains relatively flat.

PROPOSED LEGISLATIVE INTENT LANGUAGE

FY 2006 Proposed Legislative Intent

- If funds are available, Support Services is authorized to not lapse up to \$100,000 for data processing system development.
- If funds are available, Engineering Services is authorized to not lapse up to \$100,000 for special projects and studies.
- If funds are available, Maintenance Management is authorized to not lapse up to \$100,000 for special project and studies, \$200,000 for land and buildings environmental cleanup, and \$500,000 for land purchases.
- If funds are available, Region Management is authorized to not lapse up to \$100,000 for special projects and studies.
- If funds are available, Equipment Management is authorized to not lapse up to \$100,000 for equipment and supplies.

FY 2007 Proposed Legislative Intent

- All collections or cash income from the sale or salvage of land and buildings are to be lapsed to the Transportation Fund.

- The number of full-time equivalents (FTEs) for field crews may be adjusted to accommodate the increase or decrease in the federal construction program. No portion of the money appropriated by this item shall be used either directly or indirectly to enhance or increase appropriations made to the department for other purposes.
- Any surplus in the Transportation Fund not otherwise appropriated may be used by the department for the construction, rehabilitation, and preservation of state highways in Utah. The appropriation shall fund: first, a maximum participation with the federal government for the construction of federally designated highways as provided by law; next, the rehabilitation and preservation of state highways as provided by law; and last, the construction of state highways as funding permits.

Notes to Row Numbers

(3) Savings from the I-15 project transferred to General Fund.

(4) Sales tax generated by the 1/64 cent tax rate that previously went to the Sports Authority Special Revenue Fund.

(5) Sales tax dedicated to the Centennial Highway Fund through passage of House Bill 1008, *Transportation Investment Act*, in the 2005 First Special Session.

(6) Portion of a quarter of the 1/4 cent transit tax increase passed by Salt Lake County voters in the 2000 General Election.

(7) Transportation revenues from fuel tax increase passed in the 1997 General Session. Growth rate is 3.0 percent per year.

(8) Transportation revenues from auto and truck registration fee increase passed in the 1997 General Session.
